FOR HEALTHIER STREETS AND A CLEANER BUSOT, we inform you of the following:

· The rubbish will be picked up every day **except on Thursday**. In July, August and September will be picked up daily in the town centre and critical collection points.

· The collection will take place between 5:00 am and 1:00 pm. Please place it in the bins from **8:30 pm to 5:00 am**. It will be prohibited to do it at any other times. That way we will avoid it to be outside all day, generating bad odors and insects.

· It is **forbidden to leave rubbish on the ground** or outside the bin, as it generates dirtiness, damages the appearance of the town and attracts animals that can rip the waste bags. In case the bin is full, please take it to the nearest one or throw it the next day.

· Waste bins and the newly implemented ones for organic residue will be cleaned/disinfected at least once a month.

· Bins for paper and cardboard will be emptied once a week, and will be cleaned and disinfected once a month. For an optimal use of the bins capacity:

- > Fold cardboard boxes when using the blue bin.
- > Compress plastic bottles and jugs, flattening them and closing them up with its cap when using the yellow bin.
- > It is prohibited to leave anything outside the bins.

· The Recycling Centre it's open on Mondays, Wednesdays and Saturdays from 9 am to 1 pm. To access to this service, it is necessary a user card, that can be requested at City Council.
